Kendra Farley and Elliot Wheatcroft

Kendra is passionate about social justice, ethical practice, and service equity for LGBTQ2A+ children and youth. For the past 15 years she has worked progressively within early-years tables, CCRRs, early-literacy coalitions, program evaluations and dynamic early-years consulting.

Elliot has also spent over 12 years supporting trans and gender diverse children youth and families in various roles, including as a youth group facilitator and as a child, youth, and family support worker.

'Embracing Gender Diversity in Our Sites of Practice' is an interactive and engaging online presentation. Elliot and Kendra use a personalized, intersectional approach to discuss the culture of gender and the use of intentional language to better include gender diverse children and families. They share their compassionate perspective through narratives and offer scenarios, practical applications, and thoughtfully directed dialogue to help prepare participants to be more "comfortable with being uncomfortable" when engaging in social change.
